ARE READY TO BUY City Dads Will Take the Gravel Road

### AND PAY \$5000 CASH FOR IT

If the Division Street Company Will Accept that Figure - Jefferson Avenue Residents Put in a Protest.

Things ran along smoothly and quietly in the common council meeting ast night until the South Division street gravel road matter was brought

The special committee (and city attorney), appointed to confer with the South Division afreet Gravel Road company in regard to the city acquiring the one mile of road within the city, reported that a meeting had been held with President Anderson, of the Gravel Road company, but that he was prepared to make no offer, thereby retarding progress in the negotiations which had been under way. For the purpose of furthering the matter, a be Evangelical resolution was presented, the import of tical. An an ments will male pany be offered \$6,000 by the city for the portion in question, and that a of his labors. warrant be drawn on the contingent fund for that amount in favor of the

Gravel Road company.

Alderman Turner and the people who owned the property along the road were willing to pay that amount, and bent a paper at the next conference, the hoped there would be no further subject of which was not announced.

Alderman Dovie wanted the resolu tion laid on the table for one week until the property owners should raise the \$6000, and made an amendment to that effect.

Alderman Carpenter said there had already been considerable delay, and he wanted the resolution adopted at once. Alderman Doyle's amendment

Motion to Offer Lass Cash. Alderman Conger moved as an amendment to the original motion, that the amount of \$6000 be stricken out and \$5000 inserted in its place, Alderman Stein thought \$6000 was about right and wanted the amount to

Alderman Emmer expressed it as his opinion that the street railroad com-pany should pay for the road, as that corporation would derive all the bene-fits. To prove what he said, the fact was cited that the street car company had already tried to buy the road.

Alderman Conger said South Ionia street could be improved and used to good advantage as an entrance to the

city for much less.
Several other Aldermen expressed
themselves, and then Mr. Stokes moved as a substitute that the whole matter referred to the committee on streets, but the substitute, was lost. Alderman Conger's motion to change the amount from \$6,000 to \$5,000 was lost. A motion to lay on the table was lost. The vote then recurred on the preamble of the original resolution, which was lost by the following vote, it requiring twothirds of all the members-elect to

Yeas Carpenter, Dregge, Dunton, Frost, Mills, O'Doonell, Saunders, Stein, Sproul, Tateum, Turner, Wurz-

Nays-Anderson, Conger, Doyle, Emmer, Kinney, Manoney, Stokes.

chined to vote.

A petition was received from D. M. Jacques and others, asking for the opening of Brown avenue, from Bu-Residents in the vicinity of the Wid -

decomb furniture factory complained that the amount of soot discharged from the chimney of the factory was a great nuisance and wanted it abated. Jefferson Areans Propie Protest, Ransom C. Luce and 118 others, residents on Jefferson avenue, owners of over 7,000 feet of frontage from Fifth

avenue to Hall street, protested against paving that street with asphalt.

Residents on East Fulton street asked for a pro rata respection of \$102.10 for

assessments over charged for improvements our that street. The comparation reported favorably claims amounting to \$6,489.40.
On motion of Alderman Stein Deputy

Sheriff Murphy's claim for services in the superior court was stricken from the comptroller's report and referred to the city attorn-y. The same bill was rejected by the supervisors on the ground that the law made the city liable.

The city attorney reported that in ac cordance with instructions, he had asked the board of supervisors for per-mission to construct a bridge across Grand river on a line with Wealthy averight, also that advertisements had been placed in daily and weekly papers in the countres through which the river runs, and in the Dutroit papers. The report was received and placed on file.

Laid Over Till It dones Again. In answer to the notice served upon the Consolidated street railroad company, relistive to its using too notes eat upon its tracks, thereby spoiling eleighing, the company said that the use of sait was necessary to the operation of electric care; that the sait o si 84 per ton and that no more would be used than was processary. Alderman Turner moved that all the subject mat-ter be laid on the table until the next

to store cruce oil for fuel purposes, on their premises near the canal Alderman Conger, chairman of the special committee appointed to consider the appears on the Pearl street naving matter, reported that several meetings had been held, and that it was not until last Thorsday night that all of the appeals were heard. It was expected that a few changes would be made in the roll and further time was asked

and granted.
Alderman Emmer introduced a reso lution, which was adopted, ordering the city marchal to notify the Consolsdated street railway company not to place any more wires on its West Bridge street poles.

HOW TO BE A MINISTER.

That Was the Topic Discussed at the Pastors' Conference Yesterday. The pastors' conference was called to order yesterday afternoon by the chairman, the Hov. Dr. Mulhern, and the session was epened with prayer by the Rev. G. A. Poliard. The attendance was somewhat larger than that of the previous meeting, and the paper by the Rev. W. A. Frye, and the discus-sion that followed its delivery, were interesting and instructive. The subject of Mr. Frye's paper was "Elements of Ministerial Efficiency." Among the elements needed to make an efficient munister, in the belief of Mr. Frye, are, that he must be a pastor as well as a preacher. He must be a man of vital Godfiness, presessing natural endow-ments, including, tact, skill, common sense, a strong personality. Besides these elements he must have acquired ability, gamed by a thorough and careful research into matters pertaining to the Scriptures. His preaching should be Evangelical, plans, brief and prac-tical. An application of these elements will make him a workman who need not be ashamed of the result

The points presented by Mr. Frye were warmly endorsed by the ministers present, and they were made more impressive by the remarks which followed.
